

# OPEN TO TOUR FOR THE FIRST TIME EVER!!

# DUNCAN MANOR

Historic Mansion Located off of Towanda Barnes Road

Tour all four floors of this incredible mansion before renovations start. Hear how the new owners, Bud and Diane Sullivan, plan to restore Duncan Manor to it's former 1800's grandeur.

*This architectural marvel spans all three floors and is made of solid walnut. Even though it has been neglected for decades, there is still not a single squeak of any kind that can be noticed when climbing it.*

View of Interior Doors of Front Porch

*This fireplace is one of six located in the mansion. Since this house is believed to have been constructed in 1860, these fireplaces would have been the main source of heat.*

*"Because we believe in the mission of The Old House Society: Promote and preserve buildings, landscapes, and neighborhoods that are greater than 50 years old, and the communities and heritage they foster, combined with the overwhelming support we have received from the community, my husband and I feel we have a responsibility to share this restoration project. Opening the doors to the public provides an opportunity to increase awareness of the plight of many of our historical buildings and neighborhoods.*

*Perhaps convincing someone else to take on the responsibility of saving other properties from being lost forever."*
